

5A ACC Compiti Natale 2020

VOLUNTOURISM – MAKE YOUR PROPOSALS

Find on the Internet a proposal for a volunteering experience for ONE of the following persons:

Jackson – 20 years old; he will graduate from High School next June and does not know whether he wants to take Engineering or IT at University. He wishes to spend between 5 to 8 weeks volunteering in South America or Asia. He loves music and sports; he trains a team of 7-year-old footballers. He speaks English and Spanish.

Mary – 22 years old. Mary studies Biology at the University of Edinburgh and she is looking for a volunteering program in Conservation, better in Africa. She has a passion for nature and wildlife and, if possible, she would like to stay away for about 6 months.

Laura – 17 year old. She is a student at a vocational school for Hospitality in Amsterdam and she would like to find a short-term volunteering program (between 2 to 5 weeks long) in order to improve her English but also to do something useful. She is a fan of Greta Thunberg and she would love to be involved in some project meant to protect the Environment.

Take notes of your proposal (upload them on Classroom) and record an AUDIO file in which you report all the useful information. *Where, what, when, how long, how much, who ... with, why.*

NEW YORK NEW YORK

Choose ONE of the following topics and prepare a presentation using the tool you prefer (powerpoint designer, canva, prezi, google slides, keynote, spark adobe, your website...):

New York in TV Series

New York in Films

New York in Songs

New York by Bike

Walking Tours of New York

A Visit to (choose a museum/gallery and describe its main artworks)

New York trendy neighbourhoods

Best Hotels in New York

Best rooftop bars

Best Restaurants/Food Experiences in New York

Famous New Yorkers

Where New Yorkers spend their weekends

A Day in Central Park

Shopping in New York

A virtual visit to New York

Upload your proposal on Classroom and be ready to present it to your classmates.

PREPARARSI ALL'INVALSI

Potete provare a fare qualche simulazione di prova a partire dalla pagina seguente:

https://invalsi-areaprove.cineca.it/index.php?get=static&pag=esempi_prove_grado_13

Ricordatevi inoltre di completare i TASK lasciati in sospeso su CLASSROOM
