

ADIDAS ECOALF

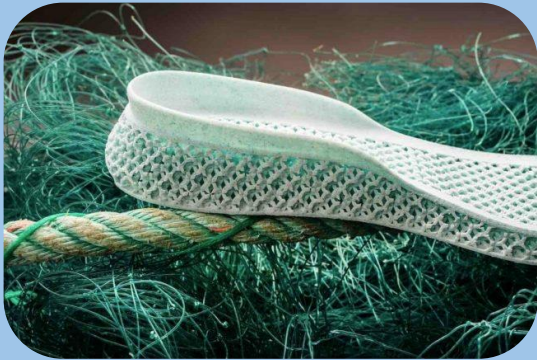

ECO-FRIENDLY POLICY

adidas wants to recycle
and make 100% eco-
friendly sneakers or
sports shoes

ECO-FRIENDLY CHOICES

Adidas' goal is to create recycled shoes and products that are 100% recycled polyester by 2024, through the use of **Prime Blue** fabrics (recycled material made with at least 50% ocean plastic recovered by Parley for the Oceans) and Primegreen (materials and ingredients ...

These shoes are very
light and very
comfortable

useful for
running

flexible

soft

above all eco
friendly

TAKE THEM!

they are very cheap

easy to find even in supermarkets

they are super comfortable

they are shoes that let the foot breathe

you can use them at school, out and about, and even for sports

FROM TODAY YOU WILL
NO LONGER HAVE TO
HURT MY CHILDREN
